

Are to-go cups recyclable?

Hot coffee cups made of paper are often lined with plastic to prevent leaks and aren't recyclable.

Polystyrene foam cups aren't recyclable either!

Plastic lids on hot cups go in curbside recycling.

Cardboard sleeves are paper and recyclable.

Straws aren't accepted in curbside recycling.

Most plastic lids for single-use cups can go in curbside recycling.

Most plastic to-go cups can go in curbside recycling.

All recyclable items should be empty, clean and dry before going in your recycling bin.
